

# Activation grant information

Be Connected is an Australian government initiative committed to increasing the confidence, skills and online safety of older Australians. Be Connected aims to empower everyone to use the internet and everyday technology to thrive in our digital world. Good Things Foundation manages the \$20 million Be Connected Grants program which will run until June 2020.

Good Things Foundation is inviting all Partners in the Be Connected network to apply for an Activation grant. All Network Partners who join the network before December 2019 will have the opportunity to apply for a one-time \$2,000 grant to support older people through face-to-face contact, either one-on-one or in small groups, to develop their digital skills and confidence. Delivery will be measured by registration on the new Be Connected website to capture all learner data. We do appreciate that it's more difficult to engage with and support individuals in outer regional, remote and very remote areas. Therefore, for these organisations, we are halving the Activation grant target.

To determine if you fall within outer regional, remote and very remote areas, please use the [Doctor Connect website](#). Select the tickbox "Australian Statistical Geographic Standard Remoteness Areas", then select 2016 from the drop-down menu and enter your organisation's address in the "Address" field and click "Search location".

Note: If you select the wrong category and are successful, we will amend your contract to the correct region and you will be notified via your notification email.

As the current Be Connected contract is due to end on 30 June 2019, future Activation grant terms and target numbers of older Australians to be supported have been adjusted pro rata, as detailed below:

Grant Round	Contract start date	Term of grant	# of older Australians supported to gain digital literacy skills	# of older Australians supported to gain digital literacy skills (rural/remote)
Round 21	1 October 2019	9 months	27	14
Round 22	1 November 2019	8 months	24	12
Round 23	1 December 2019	7 months	21	11
Round 24	1 January 2020	6 months	18	9

## What can the grant be used for?

The funding can be spent on activities that can be justified as supporting older Australians to gain basic digital skills and confidence such as:

- new devices including computers, laptops, tablets, smart phones
- upgrading software for devices
- broadband fees
- digital mentor expenses, including training to be a digital mentor
- printing of learning materials for older Australian learners
- police checks for all staff and mentors involved in delivering the Be Connected coaching and support, if not in place already
- public liability insurance, if not in place already
- coaching and support, if not in place already
- public liability insurance, if not in place already.

## What do I have to do for the grant?

Each organisation receiving an Activation grant will be required to support older Australians through face-to-face contact either one-on-one or in small groups, to gain basic digital skills and confidence over the duration of their grant term. This will be measured by registrations and learning on the Be Connected learner website.

All Network Partners will be required to complete a short monthly survey and be prepared to share learner journeys and good news stories so that Good Things Foundation can create case studies.

## How do I apply?

There is an [online application form which you can see here](#). The online application form for Activation grants will be live until December 2019.

Due to the high volume of applications that we are expecting to receive, applications will be assessed and payments will be made on a monthly basis. [See the funding timetable](#). If your application is successful, a grant amount of \$2,000 will be awarded upfront, in line with the time frames in the funding timetable.

## Points to note

1. Organisations need to be a part of the Be Connected Network to apply for an Activation grant. If you are not yet a Network Partner, please see the [Joining the Network page](#) on the website. One of our team members will be in touch to process your application and welcome you into the Network. You can apply for an Activation grant as soon as you've completed the join the network form - you don't have to wait for the phone call from us.
2. Your organisation must achieve the target of the Activation grant before you are able to apply for any other Be Connected grants.

## Application form

### Organisation & Applicant details

The following fields will be pre-populated. Please check to ensure that your details are correct.

1. Organisation name
2. Network Partner number
3. Centre address
4. Primary contact
5. Telephone number
6. Email address

### Section 1 Conditions of the grant

Please ensure that you can select yes to all of the qualifying criteria outlined below. Please note, if you aren't able to answer yes to all these points, you will not be able to continue with your application.

- We have the potential and are willing to support the minimum number of seniors required (aged 50+) to gain digital literacy skills.
- I agree to undertake police checks for all digital mentors. Please note, if you are successful you won't be able to accept the terms and conditions of the grant until you have current police checks in place.
- I agree to ensure that our organisation has public liability insurance. Please note, if you are successful you won't be able to accept the terms and conditions of the grant until you have current police checks in place.
- We have fully accessible premises.

### Section 2 The Project

Which target audience(s) are you aiming to support with your Activation grant and through your digital literacy sessions?

- Aboriginal and Torres Strait Islanders
- Culturally and linguistically diverse individuals
- Individuals based in outer regional, rural and remote areas
- Older people
- People with chronic/life limiting health conditions
- People with learning disabilities
- People with mental health conditions - mild
- People with mental health conditions - moderate
- People with mental health conditions - severe
- People with sensory impairments
- Physically disabled people

**Please note that we expect every applicant to be supporting older people to gain digital literacy skills.**

*We are looking for concise responses to the following four questions, therefore the word limit for each response is 200 words. Please be clear and offer specific detail and examples where relevant.*

**Q1** Please provide a clear budget demonstrating how your organisation would use the funds to teach older Australians digital literacy skills

**Q2** Please demonstrate how you will use the learning courses available on the Be Connected Learning site to teach older Australians digital literacy skills

**Q3** How many free one-on-one or small group sessions you will run each month?

**Q4** What marketing and promotional strategies will you use to ensure older Australians are attracted to the program?

Remember, you can contact our Network Team at any time if you have any questions about the application process. They can be contacted on **(02) 9051 9292** or by emailing [connect@goodthingsfoundation.org](mailto:connect@goodthingsfoundation.org) and are very happy to help.
