

Building Digital Skills Grant Round 24 - Guidelines

Be Connected is an Australian government initiative committed to increasing the confidence, skills and online safety of older Australians. Be Connected aims to empower everyone to use the internet and everyday technology to thrive in our digital world. Good Things Foundation manages the Be Connected Grants program.

To help organisations deliver their Be Connected digital literacy program, Good Things Foundation is inviting eligible partners in the Be Connected Network to apply for a Building Digital Skills grant.

About the Building Digital Skills Grant Program

The aim of the Building Digital Skills grants program is to enable organisations to support older Australians 50+ through free face-to-face contact (if feasible), either one-on-one or in small groups, to develop their digital skills and confidence, utilising the learning courses available on the [Be Connected Learning site](#).

Delivery and how this is measured

All delivery will be measured by the number of learners registered on Good Things Foundation's data and performance management system - [CaptureIT](#).

Registered learners will need to complete 2 courses or 10 activities from any of the topics on the Be Connected website. Completion of 2 courses or 10 activities should take 30 minutes or longer. We fully expect that the learner journey will continue beyond these minimum delivery goals and best practice would be to complete 4 or more courses.

Other requirements include:

- Attendance at training webinars and/or face-to-face events
- Complete a short monthly survey
- Providing good news stories/leads for case studies
- On completion of delivery, submitting a grant acquittal to show actual expenditure

Term of Grant and Contract Size

The term of the grant is 12 months.

There are 6 different contract sizes available to apply for. Please apply under the contract you would like to apply for and if you would be willing to accept a different contract size if

you are not successful with your first choice. Please be honest when answering this question as it will help us with assessment and allocation.

To check if you qualify for a Specialist contract, please use the [Doctor Connect website](#) to enter the location you will deliver your project. Select the tickbox "ASGS 2016" and enter your organisation's address in the "find address" dropdown and click "Search location".
