## Be Connected is a free Australian Government initiative helping you to get the most out of going online.

Be Connected can help you:

- › learn the basics and realise the full potential of going online
- › be safe while you're online
- › talk to or see family and friends who live far away, more often
- › find new or old friends who share your interests and hobbies
- › keep up-to-date with what's happening in your community and around the world
- › learn how to shop online, safely and securely, without leaving home.

And that's just the start.
