

Device Usage Guidelines

The following guidelines will ensure that you and your community will get the most out of the device you have borrowed from _____

- Take good care of the device you borrow so that someone else has the opportunity to enjoy it.
- Use only the provided accessories to charge the tablet.
- Be aware that the data on the SIM card provided is not unlimited. Should the data run out, contact _____
You can also connect the device to your home Wi-Fi network to get more out of it if you have one.
- Any apps that you choose to install on the device will be deleted when the device is returned, along with any data stored in them.
- Do not let anyone borrow the tablet while it is in your care. You must report any loss or damage to the device if/when it happens. Whilst you won't be charged for damages to the device, please look after it as best you can.
- To ensure the protection of your information and privacy, each device must undergo a full reset between loans. This will erase all saved data, account information, installed applications, photographs and emails.
- _____ does not accept any responsibility for the loss of this information. If there is data you want to keep, we advise that you back it up or extract it from the tablet before the agreed-upon return date
- The time involved in preparing tablets means we have very strict due dates. Please take care to return your tablet at the appointed time on the due date.

There's no such thing as a silly question. If you have any questions, please contact us:

Remember, your device is due back on: _____
