Registering Learners with CaptureIT on the Network Partner website

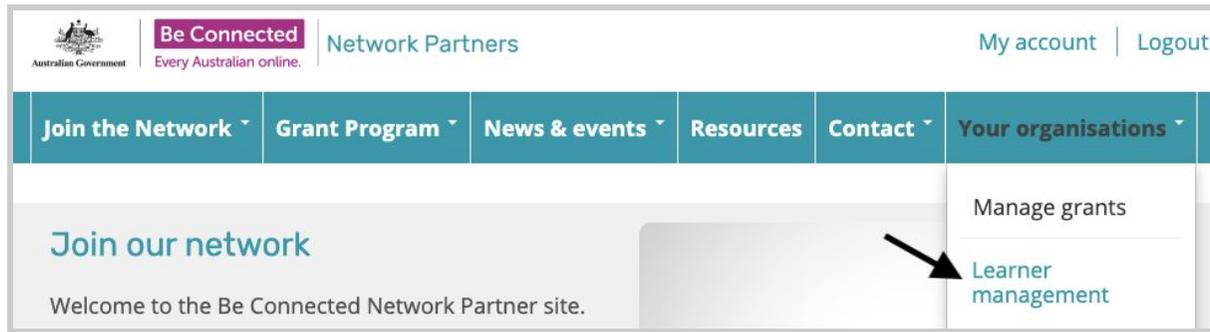

Navigating the Learner Management Section

1. Load the homepage of the Be Connected Network Partner site (www.beconnectednetwork.org.au) and log in to your account. The Login button is in the top right hand corner of the home screen.

2. Once logged in, you will see on the homepage an additional tab on the right hand side of the navigation bar called 'Your Organisations'. Hover your mouse over this tab, and select '**Learner Management**' from the drop down menu.

Note: If you are logging in on a mobile device, the 'Your Organisations' tab will be found in the collapsible hamburger menu. Tap on the arrow to expand it, then select '**Learner Management**'.

3. Your Learner Management dashboard will then load. This is where you will see a list of learners (once they have been added to CaptureIT), as well as groups you have created and search functions.

Name	Username	Email	Organisation	Registration date	Role
Allison Markkula	allisonmarkkula		8000937	17/06/2019	Learner
Bridget Rowe-Sykes	bridgetrowe-sykes		8000937	17/06/2019	Learner
Tom Grant	tomgrant1		8000937	17/06/2019	Learner

Adding a learner

1. Click on the button **'Create new learner'** under the Learners search-bar.
2. A blank form will display. Here you will see boxes into which you can enter the details for your learner

The screenshot shows a web form titled "Create new learner" with a "Back to manage learners" link at the top left. The form contains several input fields:

- First name (required)**: A text input field.
- Last name (required)**: A text input field.
- Group (optional)**: A dropdown menu with "Please select" as the current selection.
- Email address (optional)**: A text input field with the placeholder "eg. bill@example.com".
- Telephone number (optional)**: A text input field.
- Date of birth (required)**: A text input field with the placeholder "dd/mm/yyyy".
- Address (required)**: A text input field with the placeholder "Suburb (required)".

3. Fill in the following details for the learner:
 - First name (**required**)
 - Last name (**required**)
 - Group (optional)
 - Email address (optional)
 - Telephone number (optional)
 - Date of birth (**required**)
 - Address (Suburb, State, Postcode - **required**)

- Gender (optional)
- Country of birth (optional)
- Language Spoken at Home (optional)
- Is the person of Aboriginal Or Torres Strait Islander origin (optional)
- Does the person have a disability (optional)

4. At the bottom of the fields, you will see a tick box confirming that the information you are providing is true and accurate and that you have permission to record it in the system. Select the button **'Create learner'**.

I confirm all information is true and accurate and that this person has given permission for their details to be added into the system and has been informed that their details will be:

- Used for tracking their progress against funded learning programmes run by Good Things Foundation, reporting and improving products in line with our privacy policy.
- Shared between 8000937 - Good Things Foundation Australia, Good Things Foundation and The Australian Government Department of Social Services
- Never be sold on to any other third parties

[Create learner](#)

5. When you have successfully created a learner, you will see a confirmation screen. From here you can either start adding activities for this learner, create another learner, or return back to the manage learners screen to see your full list of learners by selecting **'Back to manage learners'** in the top left of your screen.

Adding and Removing Activities

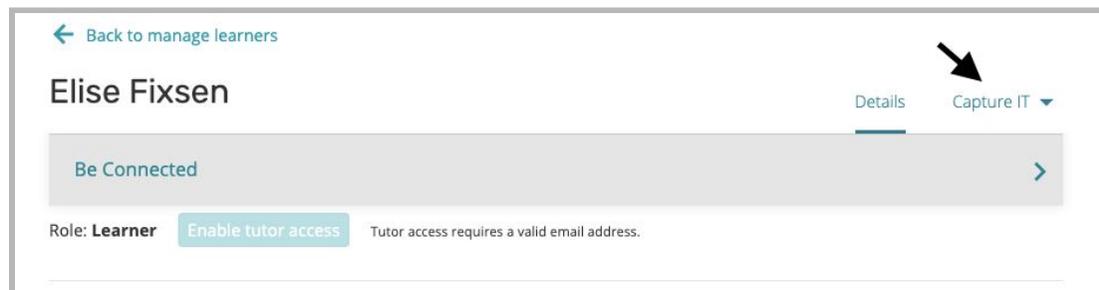

Once you have created a learner, you can add different activities that the learner has completed to their account.

1. Select a learner from the Learner Management list to load their record. Here you can see and edit the details you entered when they were added to CaptureIT.

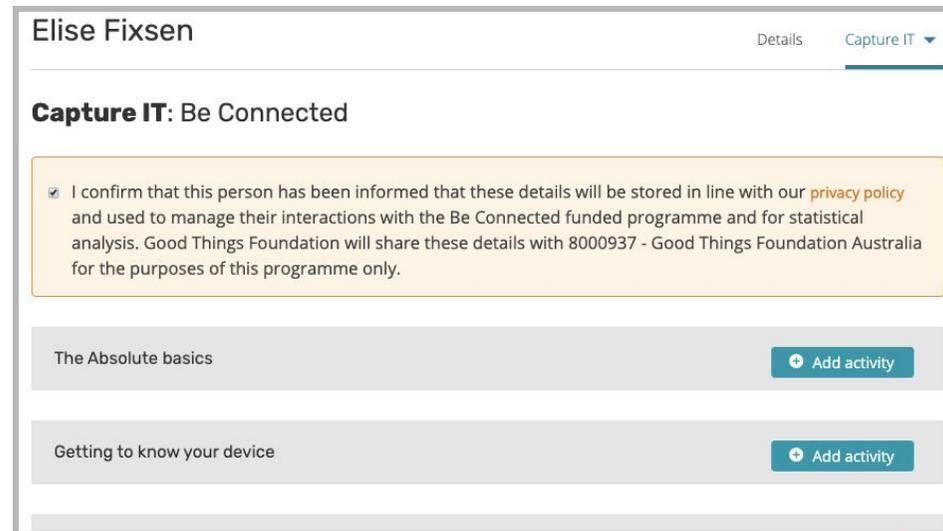

The screenshot shows the learner profile for Elise Fixsen. At the top left is a link 'Back to manage learners'. The learner's name 'Elise Fixsen' is displayed, with 'Details' and 'Capture IT' links to the right. Below the name, the following information is shown: Username: elisefixsen | User ID: 2344744 | Created: 17/06/2019 | Registered by: Tutor. The role is 'Learner', and there is an 'Enable tutor access' button with the note 'Tutor access requires a valid email address.'. Under the heading 'Edit learner', there are two text input fields: 'First name (required)' containing 'Elise' and 'Last name (required)' containing 'Fixsen'.

2. On the top menu hover over 'CaptureIT', and you will see the 'Be Connected' program appear as a drop down. Select 'Be Connected'.

This screenshot is similar to the previous one but shows the 'Capture IT' dropdown menu open. A black arrow points to the dropdown arrow. The dropdown menu contains a single item, 'Be Connected', with a right-pointing chevron icon. The rest of the page content, including the learner's name and role, remains the same.

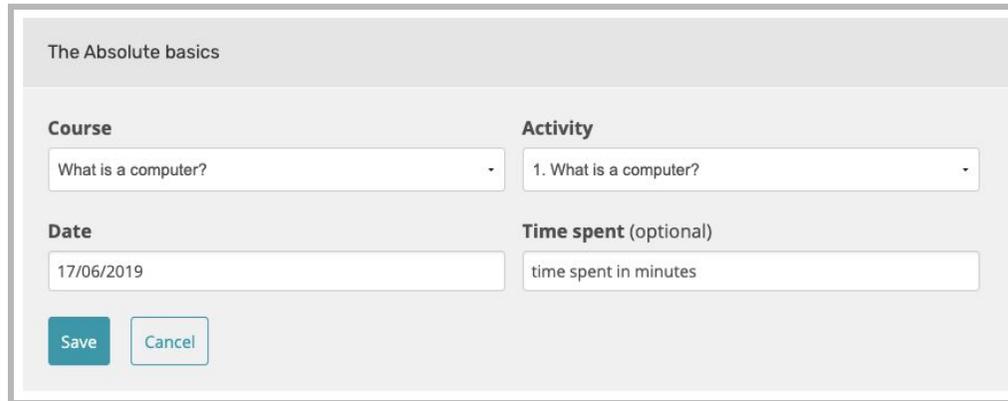

3. You will see a list of topics from the [Be Connected Learning Portal](#) - Topic Library. You will also see a tick box, where you are asked to confirm that learner is informed of the course details stored.

The screenshot displays a user profile for 'Elise Fixsen' with a 'Details' link and a 'Capture IT' dropdown menu. Below this is the heading 'Capture IT: Be Connected'. A confirmation box contains a checked checkbox and the text: 'I confirm that this person has been informed that these details will be stored in line with our [privacy policy](#) and used to manage their interactions with the Be Connected funded programme and for statistical analysis. Good Things Foundation will share these details with 8000937 - Good Things Foundation Australia for the purposes of this programme only.' Below the confirmation box are two topic entries: 'The Absolute basics' and 'Getting to know your device', each with a blue 'Add activity' button.

4. Click on '**Add activity**' for the relevant topic that the learner has completed to see a screen which enables you to add activities. Select the course and activity completed from the drop down menus and confirm the date is correct. You have the option to enter how much time you spent supporting that person with the learning activity in minutes. Once you have entered the relevant information, select '**Save**'.

Note: If you need to find which activity was completed but not sure what course it was in, check out our [Course List](#) on the Be Connected Resource page or the [learning portal site map](#).

The Absolute basics

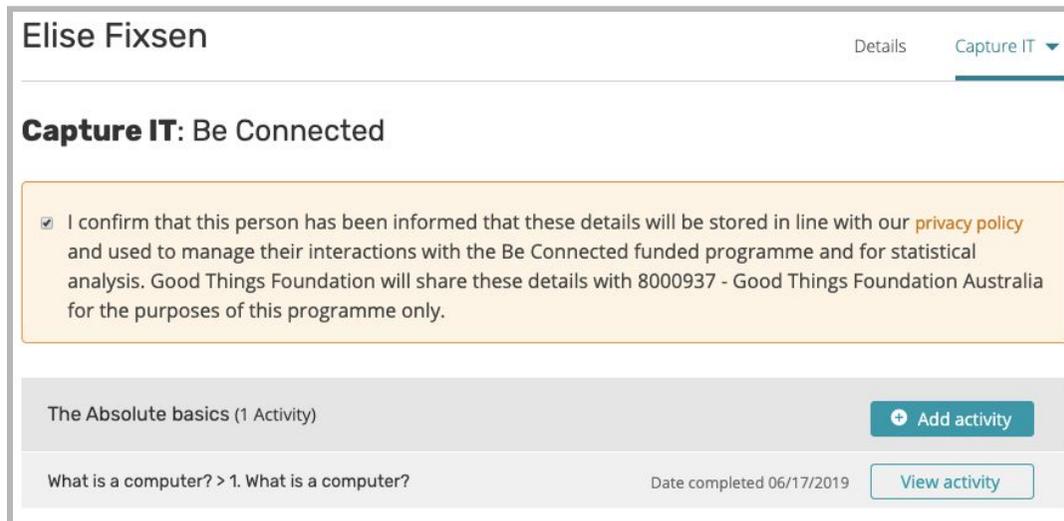

Course
What is a computer?

Activity
1. What is a computer?

Date
17/06/2019

Time spent (optional)
time spent in minutes

The activity you have created will save for that learner. You will then see it appear under the list of Topics for that learner.

Elise Fixsen Details Capture IT

Capture IT: Be Connected

I confirm that this person has been informed that these details will be stored in line with our [privacy policy](#) and used to manage their interactions with the Be Connected funded programme and for statistical analysis. Good Things Foundation will share these details with 8000937 - Good Things Foundation Australia for the purposes of this programme only.

The Absolute basics (1 Activity)

What is a computer? > 1. What is a computer? Date completed 06/17/2019

Top tip: If you have completed any other digital literacy activities with the learner not included in the Be Connected program, you can add details of this through the 'Other' section at the very bottom of this screen.

5. If needed, you can remove an activity that you have added. Below the topic you will see the activity and the date it was created. To remove the activity, click on '**View activity**'. You will then see the '**Delete**' button. Clicking on this will immediately remove the activity.

Creating groups and adding activities

Creating groups allows you to add activities to a group of learners rather than to individual learners. This can save you time if a group have all covered the same topic and activities.

1. On the Learner Management dashboard you will see the button '**Create a New Group**' on the left side of the screen.

I confirm that this person has been informed that these details will be stored in line with our [privacy policy](#) and used to manage their interactions with the Be Connected funded programme and for statistical analysis. Good Things Foundation will share these details with 8000937 - Good Things Foundation Australia for the purposes of this programme only.

The Absolute basics	+ Add activity for all learners in group
Getting to know your device	+ Add activity for all learners in group
Getting started online	+ Add activity for all learners in group

8. You will then see the screen to add an activity. Select the course, activity, date completed, time spent, and then select **'Save'**.

The Absolute basics

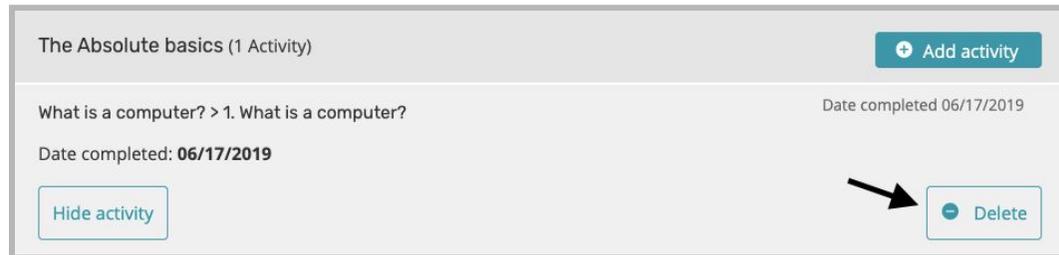

Course	Activity
What is a computer?	1. What is a computer?
Date	Time spent (optional)
18/06/2019	time spent in minutes

[Save](#) [Cancel](#)

The saved activity will then appear for this group's learners.

Top tip: If you have completed any other digital literacy activity with the group, not included in the Be Connected program, details of this can be added through the 'Other' section at the very bottom of the topic list.

9. To remove an added activity for the group, click through to '**View activity**' and select '**Delete**'. This will immediately remove the activity.

The screenshot shows a user interface for managing digital literacy activities. At the top, it displays "The Absolute basics (1 Activity)" and an "Add activity" button. Below this, a specific activity is listed: "What is a computer? > 1. What is a computer?". To the right of the activity title, it says "Date completed 06/17/2019". Underneath the activity title, it says "Date completed: 06/17/2019". On the left side, there is a "Hide activity" button. On the right side, there is a "Delete" button, which is highlighted with a black arrow pointing to it.

Managing learners of a group - Adding and Removing Learners From a Group

Learners can be added or removed from a group after it has been created.

1. From the Learner Management dashboard screen, select the group name from the 'Groups' drop-down menu of the group you would like to edit. Select the button **'Manage this group'**.

Learner Management
